## Vapor Blast Ordering Instructions

This form can be filled out right in Acrobat Reader, and you can save a copy with a new filename if you wish and email it, or simply print it and send it with your order.

Services are provided by the hour at \$70 per hour, with a one hour minimum, half-hour increments thereafter.

### How do I work with you?

First-off, drop us a note, or better yet fill out this order form, save a copy, and email it to us, let us know what's coming. If you want an estimate then please snap a few photos of your parts and send them via email with this form. Pack the parts well padded in a sturdy box and ship them insured for your stated value. Put a copy of your order form in the box please. We'll inspect the parts when they arrive, photograph everything before and after, and provide you with an estimate if requested. Normal turnaround is 1-3 days in shop, faster if you need it, or a little slower if you don't. While-you-wait service for locals available by appointment.

### How do I prepare my parts to send to you?

Please clean the worst of any grease, gunk, or chain spooage from your parts before you ship them. Bag any really oily parts just so the box and packing doesn't get fouled in transit, and this will allow us to reuse your box, saving us both some money. Gaskets must also be removed, along with excess case sealant. If you want to send un-cleaned parts, feel free, but you're going to be paying us to clean them before they go into the blaster if you do, so WE personally would not 😊. We will contact you before doing any additional cleaning or prep for your authorization.

If you're sending engine parts and cases, lightly bolting stuff back together might make it easier for you to pack things, and reduce the chance of any damage from parts jostling. PAD YOUR PARTS WELL! If you can hear any jostling or clinking when you shake your box, it's not padded enough.

Heavy-duty double-wall cardboard boxes are best for heavy parts that are going via carriers like FedEx, USPS or UPS. Very heavy parts like entire engines are best shipped strapped onto pallets encased in cardboard and then wrapped with mover's shrink wrap. TAPE THE BOXES WELL.

**RESTORE IT - RIDE IT - LOVE IT**

We have also shipped heavy parts using heavy duty storage totes successfully, closed with zip-ties and padded with rigid foam insulation, wadded-up cardboard or bubble wrap. UPS sometimes dings shippers a few bucks for not having things encased in cardboard, but it's sometimes a worthy trade-off.

**INSURE YOUR SHIPMENT FOR THE STATED VALUE OF YOUR PARTS**

### **How to save a coupla bucks on shipping**

Retail shipping stores like PakMail or the UPS Store are no bargain. If you want to save a few dollars on shipping, weigh and measure your box, send us that info and let us email you a prepaid shipping label. With that you can simply drop your box at the UPS store or depot and not pay a dime for the privilege. USPS Priority Mail is often the best deal of all, if your parts fit, particularly the Flat Rate services. Stop by your local Post Office and pickup a few free Priority Mail boxes – get a couple of different sizes, and make certain to get the Flat Rate boxes. You can print your own postage on USPS.com, hand the box to your mailman, and you're done.

### **How do you ship parts?**

Unless you specify otherwise, we will return your parts via UPS (Ground or Air as you wish) provide tracking info via email. Palletized items will ship via truck with UPS Freight.

### **How do I pay?**

We will send an invoice via email when your project is finished, including shipping fees, which you may pay online directly from the invoice, with a credit card or PayPal account. If you prefer to pay by check or other means, just give a call. If you want an estimate before we begin, email a few photos and send in this completed form. Otherwise we will send an invoice for the work once it is complete. Payment is due in full before shipment.

Questions? Give a call or drop a note anytime. [info@restocycle.com](mailto:info@restocycle.com) or (520) 308-3705

## **TERMS AND CONDITIONS**

### **ACKNOWLEDGMENT AND ACCEPTANCE OF TERMS OF SERVICE**

This RestoCycle LLC General Terms of Service ("Service Terms") is provided to you ("Customer") in connection with the service that Customer has purchased (the "Service"). These terms and conditions comprise the entire agreement between Customer and RestoCycle LLC with respect to the Service.

### **PAYMENT**

Unless stated in writing otherwise, all fees and charges are nonrefundable. RestoCycle LLC may change the fees and charges then in effect, or add new fees or charges, by giving Customer notice in advance.

### **DISCLAIMER OF WARRANTIES**

Customer expressly agrees that use of the service is at customer's sole risk. The service is provided on an "as is" and "as available" basis. RestoCycle LLC expressly disclaims all warranties of any kind, whether express or implied, including, but not limited to the implied warranties of merchantability, fitness for a particular purpose and non-infringement. RestoCycle LLC makes no warranty that the service will meet customer's requirements, or that the

service will be, timely, secure, or error-free; nor does RestoCycle LLC make any warranty as to the results that may be obtained from the use of the service. No advice or information, whether oral or written, obtained by customer from RestoCycle LLC or through the service shall create any warranty not expressly made herein. Some jurisdictions do not allow the exclusion of certain warranties, so some of the above exclusions may not apply to each customer.

### **LIMITATION OF LIABILITY**

RestoCycle LLC shall not be liable for any direct, indirect, incidental, special or consequential damages, resulting from the use or the inability to use the service or for cost of procurement of substitute goods and services or resulting from any goods or services purchased or obtained including but not limited to, damages for loss of profits, use, or other intangible, even if RestoCycle LLC has been advised of the possibility of such damages. Some jurisdictions do not allow the limitation or exclusion of liability for incidental or consequential damages so some of the above limitations may not apply to each customer.
